

Habitat for Humanity East Bay/Silicon Valley is excited to offer an all-inclusive Premium Team Building experience for groups that would like to create a unique customized build experience for their team's volunteer day, while increasing their support for our programs and the area we serve!

How It Works

Premium Builds can be arranged through our Playhouse Program, Home Construction Team Building, or Green Spaces Program to enhance your Team Build experience through additional benefits and customization opportunities. Our Corporate Engagement team will work with you to ensure that your event experience goes above and beyond your expectations!

Premium Benefits

Swag -All participants are provided with a Habitat East Bay/Silicon Valley t-shirt, OR the option to include the Habitat EBSV logo on any company shirt you are preparing.

Food & Drinks -Habitat will take care of ordering a light breakfast, lunch, and/or snacks provided by a local caterer as well as non-alcoholic beverages.

Transportation - Ride-sharing vouchers through Uber for Business allow your staff an easy, discounted transportation option to and from our Playhouse workshops and construction sites!

Social Media - Promotion of event and partnership through Habitat EBSV social media.

Habitat 101 & Impact Discussion – A Habitat staff member will help facilitate a discussion around our work in the community and how your team's build day is making an impact on the affordable housing crisis.

Sponsorship

For our Premium Builds, we ask for a \$5,000 donation for every 10 volunteers that you would like to bring out.
