Habitat is turning 40! Those 40 years mean hundreds of affordable homes built and repaired, thousands served—and none of it possible without you.

Celebrate with us by helping to build 40 customized playhouses for our 40 years of service. Beginning on Martin Luther King, Jr. Day, you can take part in a unique movement to create and donate playhouses to families and organizations that serve our communities (like [these](#)), while supporting affordable homeownership in the Bay Area.

With this fun, creative day of hands-on team building, you'll walk away with strong connections, shared purpose, a little paint under your fingernails—and a step closer to a world where everyone has a decent place to live.

40 Playhouses to Celebrate 40 Years

While every team building experience with Habitat comes with fantastic perks, sponsorship of this anniversary event comes with added marketing benefits at every level.
